ARTICLE II

FORM, EXECUTION, AUTHENTICATION, DELIVERY AND REGISTRATION OF BONDS

SECTION 201. Limitation on Issuance of Bonds. No Bonds may be issued under the provisions of this Agreement except in accordance with the provisions of this Article.

SECTION 202. Form of Bonds. The Bonds issued under the provisions of this Agreement shall be in substantially the form hereinabove set forth, with such appropriate variations, omissions and insertions as are permitted or required by this Agreement and with such additional changes as may be necessary or appropriate to conform to the provisions of the resolution or resolutions providing for the issuance of such Bonds, including changes required for the issuance of different types of Bonds which may reflect, without limitation, provisions for Capital Appreciation Bonds, Capital Appreciation and Income Bonds, Balloon Bonds, Interim Bonds, Variable Rate Bonds, Extendible Maturity Bonds and Put Bonds. All such Bonds may have endorsed thereon such legends or text as may be necessary or appropriate to conform to any applicable rules and regulations of any governmental authority or any usage or requirement of law with respect thereto.

SECTION 203. Details of Bonds. The Bonds shall be issued in fully registered form and, if the Trustee issues notice of the availability of exchanging registered Bonds for coupon Bonds, in coupon form. If the Trustee receives a written request of the Authority for the delivery of coupon Bonds and an opinion of counsel of recognized standing in the field of law relating to municipal bonds to the effect that the issuance of any of the Bonds in coupon form will not adversely affect the exclusion from gross income of the interest on any of the Bonds for Federal income tax purposes, if such exclusion is otherwise applicable, the Trustee shall mail notice to the Holders of the Bonds of the availability of exchanging registered Bonds and coupon Bonds. Registered Bonds may then be exchanged for an equal aggregate principal amount of coupon Bonds of the same Series and maturity of any authorized denomination and bearing interest at the same rate as the exchanged Bonds and coupon Bonds may be exchanged for an equal aggregate principal amount of fully registered Bonds in the manner provided in this Agreement, as the Agreement may be supplemented to provide for coupon Bonds.

The Bonds of a Series shall be payable, with respect to interest, principal and premium, if any, in any coin or currency of the United States of America which at the time of payment is legal tender for public and private debts (or other coin or currency provided for in the resolution authorizing the issuance of the particular Series). The principal of Bonds shall be payable only to the Holder or his legal representative at the principal corporate trust office of the Trustee and at such other office or agency of any paying agent as the Board may designate from time to time upon the presentation and surrender of the Bonds (except as otherwise provided in Section 211 hereof). The Bonds of each Series shall be dated as provided in a resolution of the Board; shall bear interest, which may be fixed or variable, from the Interest Payment Date next preceding the date on which they are authenticated unless authenticated on an Interest Payment Date, in which event they shall bear interest from such Interest Payment Date, or are authenticated before the first Interest Payment Date in which event they shall bear interest from their date, provided, however, that if at the time of authentication of any Bond interest is in default, such Bond shall

bear interest from the date to which interest has been paid. Capital Appreciation Bonds shall bear interest as described under the defined term Accreted Value, payable on the amount due at maturity only upon redemption, acceleration or maturity thereof, and Capital Appreciation and Income Bonds shall bear interest as described under the defined term Appreciated Value, payable on the amount due at maturity but only from and after the Interest Commencement Date. The interest rate shall not exceed the applicable maximum legal rate per annum. Interest on the Bonds shall be payable by check mailed to the registered Holder thereof by the Trustee or any other paying agents appointed by the Authority at the address shown on the registration books of the Authority held by the Trustee at the close of business on the fifteenth (15th) day (whether or not a business day) of the calendar month preceding an Interest Payment Date or such other date as may be established by resolution for any Bonds; provided that to the extent provided in the resolution authorizing the issuance of Bonds interest shall be payable by wire transfer. The Bonds shall be lettered and numbered in such manner and shall be in the denominations provided in the resolutions of the Board authorizing their issuance. In the event that interest is not punctually paid or duly provided for, such interest shall forthwith cease to be payable to the Holder shown on the registration books held by the Trustee at the close of business on the fifteenth (15th) day of the calendar month preceding such Interest Payment Date and may be paid to the person in whose name Bonds are registered at the close of business on a special record date to be fixed by the Trustee, on a special payment date designated by the Trustee, notice having been given by the Trustee to the Holders not less than ten (10) days prior to such special record date or may be paid at any time in any other lawful manner not inconsistent with the requirements of any securities exchange on which Bonds may be listed and upon such notice as may be required by such exchange, or as more fully provided for in the resolution of the Board authorizing the issuance of the Bonds. The above procedure for the payment of defaulted interest overdue may be varied in resolutions of the Board authorizing the issuance of particular Series of Bonds, which resolutions may also provide for the payment of such interest at defaulted interest rates.

The Bonds shall be signed in the name of the Authority by the Executive Director or with his facsimile signature and the corporate seal of the Authority shall be impressed or a facsimile of such seal shall be imprinted on the Bonds and attested by the Secretary or his facsimile signature. In case any officer whose signature or a facsimile of whose signature shall appear on any Bonds shall cease to be such officer before the delivery of such Bonds, such signature or such facsimile shall nevertheless be valid and sufficient for all purposes as if he had remained in office until such delivery, and also any Bonds may bear the facsimile signature of or may be signed by such persons as at the actual time of the execution of such Bonds shall be the proper officers to sign such Bonds although on the date of such Bonds such persons may not have been such officers.

SECTION 204. Authentication of Bonds. Only such of the Bonds as shall have endorsed thereon a certificate of authentication substantially in the form hereinabove set forth, duly executed by the Trustee, shall be entitled to any benefit or security under this Agreement. No Bond shall be valid or become obligatory for any purpose or be entitled to any benefit or security under this Agreement unless and until such certificate of authentication shall have been duly executed by the Trustee, and such certificate of the Trustee upon any such Bond shall be conclusive evidence that such Bond has been duly authenticated and delivered under this Agreement. The Trustee's certificate of authentication on any Bond shall be deemed to have

been duly executed if signed by an authorized officer of the Trustee, but it shall not be necessary that the same officer sign the certificate of authentication on all of the Bonds that may be issued hereunder at any one time.

SECTION 205. Exchange and Registration of Transfer. Bonds upon surrender thereof at the principal corporate trust office of the Trustee, together with an assignment duly executed by the Holder or his attorney or legal representative in the form set forth on the Bonds or such other form as may be satisfactory to the Trustee, may, at the option of the Holder thereof, be exchanged for an equal aggregate principal amount of Bonds of the same Series and maturity, of any denomination or denominations authorized by this Agreement, and bearing interest at the same rate, in the same form as the Bonds surrendered for exchange.

The Trustee shall keep books for the registration of and for the registration of transfers of the Bonds as provided in this Agreement. The transfer of any Bond may be registered only upon the books kept for the registration of and registration of transfers of Bonds upon surrender thereof to the Trustee together with an assignment duly executed by the Holder or his attorney or legal representative in the form of the assignment set forth on the Bonds or such other form as may be satisfactory to the Trustee. Upon any such registration of transfer, the Authority shall execute and the Trustee shall authenticate and deliver in exchange for such Bond a new Bond or Bonds registered in the name of the transferee, of any denomination or denominations authorized by this Agreement, in an aggregate principal amount equal to the principal amount of such Bond of the same Series and maturity and bearing interest at the same rate. In all cases in which Bonds shall be exchanged or transferred hereunder, the Authority shall execute and the Trustee shall authenticate and deliver at the earliest practicable time Bonds in accordance with the provisions of this Agreement. The Authority or the Trustee may make a charge for every such exchange or registration of transfer of Bonds sufficient to reimburse it for any tax or other governmental charge required to be paid with respect to such exchange or registration of transfer, but no other charge shall be made to any Holder for exchanging or registering the transfer hereinabove granted. Any Bond surrendered in any such exchange or transfer shall be cancelled by the Trustee as provided in Section 304 hereof. Neither the Authority nor the Trustee shall be required to make any such exchange or registration of transfer of any Bond during the fifteen (15) days immediately preceding the date of mailing of notice of any redemption of such Bond, or after a Bond or any portion thereof has been selected for redemption.

SECTION 206. Ownership of Bonds. As to any Bond the person in whose name the same shall be registered shall be deemed and regarded as the absolute owner thereof for all purposes, and payment of or on account of the principal of and premium, if any and interest on any such Bond shall be made only to the Holder thereof or his legal representative. All such payments shall be valid and effectual to satisfy and discharge the liability upon such Bond, including the premium, if any, and interest thereon, to the extent of the sum or sums so paid.

Any Holder of any Bond is hereby granted power to transfer absolute title thereto by assignment thereof to a bona fide purchaser for value (present or antecedent) without notice of prior defenses or equities or claims of ownership enforceable against his assignor or any person in the chain of title and before the maturity of such Bond. Every prior Holder of any Bond shall be deemed to have waived and renounced all of his equities or rights therein in favor of every

such bona fide purchaser, and every such bona fide purchaser shall acquire absolute title thereto and to all rights represented thereby.

SECTION 207. The Series 1988 Bonds. The Series 1988 Bonds shall be issued under this Agreement in the aggregate principal amount of Three Hundred Twenty Seven Million Seven Hundred Forty Thousand Dollars (\$327,740,000) for the purpose of providing funds to defease the Outstanding PRASA Bonds and to pay the Pfizer Debt. Such Bonds shall be designated Puerto Rico Infrastructure Financing Authority Special Tax Revenue Bonds, Series 1988A. The terms of such Bonds including, but not limited to, interest rates, Amortization Requirements, redemption provisions and maturity dates and the disposition of the proceeds of the Series 1988 Bonds and the disposition of moneys to be made available by PRASA, shall be provided for in a resolution of the Board. The disposition of proceeds may be supplemented or changed by a certificate of the Executive Director executed on the date of issuance of the Series 1988 Bonds if provided for in said resolution.

Each of the Series 1988 Bonds shall be executed substantially in the form and manner hereinabove set forth and deposited with the Trustee for authentication, but before the Series 1988 Bonds shall be authenticated and delivered by the Trustee, there shall be filed with the Trustee the following:

- (v) an opinion of counsel of recognized standing in the field of law relating to municipal bonds to the effect that upon the deposit of the United States government obligations and uninvested moneys in the Escrow Deposit Trust Fund

established for the refunding of the Outstanding PRASA Bonds and in reliance as to the sufficiency of such deposit upon the verification report addressing such sufficiency that has been delivered simultaneously herewith by Ernst & Whinney, Memphis, Tennessee, and the giving of notice of refunding required under the trust agreement under which the Outstanding PRASA Bonds were issued, the Outstanding PRASA Bonds shall no longer be deemed to be outstanding and shall cease to be entitled to any lien, benefit or security under said trust agreement; and

(vi) an opinion of counsel for the Authority to the effect that (a) the issuance of such Bonds and the execution of this Agreement have been duly authorized and that all conditions precedent to the authentication and delivery of such Bonds have been fulfilled; (b) the form and terms of such Bonds have been established by or pursuant to one or more Board resolutions, in conformity with the provisions of this Agreement; (c) such Bonds, when authenticated and delivered by the Trustee and issued by the Authority in the manner and subject to any conditions specified in such opinion of counsel, will constitute valid and legally binding obligations of the Authority, enforceable in accordance with their terms, and will be entitled to the benefit of this Agreement; (d) the Authority has the corporate power to issue such Bonds, and has duly taken all necessary corporate action with respect to such issuance; (e) the issuance of such Bonds will not contravene the Act; and (f) that all requirements of this Agreement applicable to the Authority in respect of the execution and delivery by the Authority of such Bonds have been complied with and that, assuming due authentication and delivery of such Bonds by the Trustee, no authorization, approval or consent by any regulatory or statutory or other public authority which has not been obtained is required for the creation, issuance, authentication and delivery of such Bonds pursuant to this Agreement.

When the documents mentioned above in this Section shall have been filed with the Trustee and when said Series 1988 Bonds shall have been executed and authenticated as required by this Agreement, the Trustee shall deliver said Series 1988 Bonds to or upon the order of the purchasers named in the resolution mentioned in clause (ii) of this Section, but only upon payment to the Trustee of the purchase price of said Series 1988 Bonds.

SECTION 208. Additional Bonds. Bonds may be issued under and secured by this Agreement, subject to the conditions hereinafter provided in this Section, for any lawful purpose of the Authority and paying any costs of issuance of such Bonds.

Before any Bonds shall be issued under the provisions of this Section, the Board shall adopt a resolution authorizing the issuance of such Bonds, fixing the amount and the details thereof, specifying the amount of interest, if any, on such Bonds to be paid from the net proceeds of the Bonds, and describing in brief and general terms the purpose for which such Bonds are to be issued. The Bonds authorized by any such resolution shall be designated and dated, shall be in such denominations, shall be numbered, shall be issued in such form, shall bear interest until their payment at any rate or rates not exceeding the maximum rate permitted by applicable law, shall be stated to mature at such time or times, shall have such Amortization Requirements, and shall be made subject to redemption, either in whole or in part, at such times and prices (subject

 - (ii) the amount of the maximum aggregate Principal and Interest Requirements for any Fiscal Year thereafter on account of the Bonds then

Outstanding, the Debt Service Components then outstanding and the Bonds to be issued; and

(iii) the percentage derived by dividing the amount in item (i) above by the amount in item (ii) above, which percentage shall not be less than 200%;

(d) a certificate dated the date of original issuance of the Bonds to be issued, signed by the Executive Director, setting forth

(i) the amount of the average annual Special Tax Revenues and other moneys deposited to the credit of Puerto Rico Infrastructure Fund for the two (2) full Fiscal Years preceding the date of issuance of such Bonds, adjusted to give effect to legislation enacted on or prior to the date of original issuance of such Bonds that would have increased the foregoing amount if such legislation had been in effect throughout such two (2) full Fiscal Years and that required such increased amount, if received from the federal government, to be deposited to the credit of the Puerto Rico Infrastructure Fund until the Bonds theretofore issued and the Bonds to be issued are no longer Outstanding;

(ii) the amount of the maximum aggregate Principal and Interest Requirements for any Fiscal Year on account of Bonds then Outstanding, Debt Service Components then Outstanding, and the Bonds to be issued; and

(iii) the percentage derived by dividing the amount in item (i) above by the amount in item (ii) above, which percentage shall not be less than 100%; and

(i) the issuance of such Bonds has been duly authorized and that all conditions precedent to the authentication and delivery of such Bonds have been duly fulfilled;

(ii) the form and terms of such Bonds have been established by or pursuant to one or more Board resolutions, in conformity with the provisions of this Agreement;

(iii) such Bonds, when authenticated and delivered by the Trustee and issued by the Authority in the manner and subject to any conditions specified in such opinion of counsel, will constitute valid and legally binding obligations of the Authority, enforceable in accordance with their terms, and will be entitled to the benefits of this Agreement;

(iv) the Authority has the corporate power to issue such Bonds, and has duly taken all necessary corporate action with respect to such issuance;

(v) the issuance of the Bonds will not contravene the Act; and

(vi) all requirements of this Agreement applicable to the Authority in respect of the execution and delivery by the Authority of such Bonds have been complied with and that, assuming due authentication and delivery of such Bonds by the Trustee, no authorization, approval or consent by any regulatory or statutory or other public authority which has not been obtained is required for the creation, issuance, authentication and delivery of such Bonds pursuant to this Agreement; and

When the documents mentioned above shall have been filed with the Trustee and when the Bonds described in the resolutions mentioned in clauses (a) and (b) of this Section shall have been executed and authenticated as required by this Agreement, the Trustee shall deliver such Bonds to or upon the order of the purchasers named in the resolution mentioned in said clause (b) upon payment to the Trustee of the purchase price of such Bonds.

Bonds may be issued under this Section as part of a Series of Bonds which contains Bonds issued under Section 209 hereof, in which event the conditions to authentication and delivery listed above shall pertain only to the portion of the Series of Bonds issued under this Section.

The proceeds of the Bonds issued under the provisions of this Section shall be applied by the Trustee as provided in a resolution of the Board adopted prior to the issuance of the Bonds, which may be supplemented or changed by a certificate of the Executive Director executed on the date of issuance of the Bonds, if provided for in said resolution.

SECTION 209. Refunding Bonds. Bonds may be issued, subject to the conditions hereinafter provided in this Section, at any time or times for the purpose of providing funds for refunding all or any part of the Outstanding Bonds of any one or more Series or all or any portion of Debt Service Components by payment at maturity or redemption at a selected redemption date or dates or combination of such payment at maturity and redemption, including the payment of any redemption premium thereon and paying any costs of issuance of such Bonds. Before any Bonds shall be issued under the provisions of this Section, the Board shall adopt a resolution authorizing the issuance of such Bonds, fixing the amount and the details of the Bonds, and describing the Bonds to be refunded. Such Bonds shall be designated and dated, shall be in such denominations, shall be numbered, shall be issued in such form, shall bear interest until their payment at any rate or rates not exceeding the maximum rate permitted by applicable law, shall be stated to mature at such time or times, shall have such Amortization Requirements and shall be made subject to redemption, in whole or in part, at such times and prices (subject to the provisions of Article III of this Agreement), as may be determined by resolution of the Board adopted prior to the issuance of such Bonds. By said resolution, the Board may appoint one or more paying agents for such Bonds in addition to the Trustee. Prior to the issuance of Variable Rate Bonds, the Board shall adopt a resolution specifying, without limitation, the interest rate calculation methods and any conversion features, and any Credit Facility or any Liquidity Facility which may be drawn upon to make principal and interest payments on the Variable Rate Bonds. The Variable Rate Bonds may provide that the Holder of any such Bond may demand payment of principal and interest within a stated period after delivering notice to a designated agent for the Authority and providing a copy of the notice with the tender of the Variable Rate Bond to such agent. The designated agent for the Authority, in

accordance with the terms of a remarketing agreement, may provide for the resale or redelivery of the Variable Rate Bonds on behalf of the Authority at a price provided for in such agreement. If the Variable Rate Bonds shall not be resold or redelivered within a stated period, the agent for the Authority may be authorized to draw upon a previously executed Credit Facility or Liquidity Facility for payment of interest and principal for a particular series of Variable Rate Bonds to which such Credit Facility or Liquidity Facility shall pertain. The particular form or forms of such demand provisions, the period or periods for payment of principal and interest after delivery of notice, the appointment of the agent for the Authority, the terms and provisions for the remarketing agreement, and the terms and provisions of the Credit Facility or Liquidity Facility shall be as designated by a resolution of the Board pertaining to the Variable Rate Bonds to which such terms and provisions are applicable prior to the issuance thereof. Prior to the issuance of Put Bonds, the Board shall adopt a resolution which may provide for some of the above terms and provisions. Prior to the issuance of Extendible Maturity Bonds, the Board shall adopt a resolution which shall set forth the terms and conditions of the exercise by the Holder or the Authority of any option to extend the maturity of said Bonds. Prior to the issuance of Capital Appreciation Bonds and Capital Appreciation and Income Bonds, the Board shall specify by resolution, the manner in which and the period during which principal and interest shall be deemed to accrue on such Bonds for purposes of the definition of "Principal and Interest Requirements".

All Bonds issued under the provisions of this Section shall be executed substantially in the form and manner hereinabove set forth and deposited with the Trustee for authentication, but before such Bonds shall be authenticated and delivered by the Trustee, there shall be filed with the Trustee the following:

- (a) a copy, certified by the Secretary, of the resolution mentioned above;
- (b) a copy, certified by the Secretary, of the resolution directing the authentication of such Bonds, specifying the interest rate of each such Bond and directing the delivery of such Bonds to or upon the order of the purchasers therein named upon payment of the purchase price therein set forth;
- (c) an opinion of counsel for the Authority dated the date of original issuance of such Bonds to the effect that
 - (i) the issuance of such Bonds has been duly authorized and that all conditions precedent to the authentication and delivery of such Bonds have been fulfilled;
 - (ii) the form and terms of such Bonds have been established by or pursuant to one or more Board resolutions, in conformity with the provisions of this Agreement;
 - (iii) such Bonds, when authenticated and delivered by the Trustee and issued by the Authority in the manner and subject to any conditions specified in such opinion of counsel, will constitute valid and legally binding obligations of

the Authority, enforceable in accordance with their terms, and will be entitled to the benefits of this Agreement;

(iv) the Authority has the corporate power to issue such Bonds, and has duly taken all necessary corporate action with respect to such issuance;

(v) the issuance of such Bonds will not contravene the Act; and

(vi) all requirements of this Agreement applicable to the Authority in respect of the execution and delivery by the Authority of such Bonds, have been complied with and that, assuming due authentication and delivery of such Bonds by the Trustee, no authorization, approval or consent by any regulatory or statutory or other public authority which has not been obtained is required for the creation, issuance, authentication and delivery of such Bonds pursuant to this Agreement;

(d) such documents as shall be required by counsel of recognized standing in the field of law relating to municipal bonds to show that provision has been made in accordance with the provisions of this Agreement for the payment or redemption or combination of such payment and redemption of all the Bonds or Debt Service Components to be refunded;

(e) a certificate dated the date of original issuance of such Bonds, signed by the Executive Director, that the sum of the net proceeds (excluding accrued interest but including any premium) of such Bonds, together with investment earnings on said proceeds, other moneys to be deposited and investment earnings on said moneys, shall not be less than an amount sufficient to pay the principal of, the redemption premium, if any, and interest accrued to the payment dates on the Bonds or Debt Service Components to be refunded, and the expenses incident to such financing; and

(f) the certificates required in Section 208(c) and (d); provided that said certificates shall not be required if the Executive Director delivers a certificate to the effect that (i) the aggregate Principal and Interest Requirements for each Fiscal Year thereafter on account of the Bonds Outstanding and Debt Service Components outstanding after the issuance of such refunding Bonds are equal to or less than the Principal and Interest Requirements for each such Fiscal Year on account of the Bonds Outstanding and Debt Service Components outstanding prior to such issuance of refunding Bonds or (ii) the maximum aggregate Principal and Interest Requirements for any Fiscal Year thereafter on account of the Bonds Outstanding and Debt Service Components outstanding after the issuance of such refunding Bonds are equal to or less than the maximum aggregate Principal and Interest Requirements for any Fiscal Year thereafter on account of the Bonds Outstanding and Debt Service Components outstanding prior to the issuance of such refunding Bonds.

Bonds may be issued under this Section as a part of a Series of Bonds which contains Bonds issued under Section 208 hereof, in which event the conditions to execution and authentication listed above shall pertain only to Bonds issued under this Section.

The proceeds of the Bonds issued under the provisions of this Section shall be applied by the Trustee as provided in a resolution of the Board adopted prior to the issuance of the Bonds, which may be supplemented or changed by a certificate of the Executive Director executed on the date of issuance of the Bonds and delivered to the Trustee, if provided for in said resolution. Simultaneously with the delivery of the Bonds, the Trustee may withdraw from the Sinking Fund amounts which are Trustee to the Bonds to be refunded and shall transfer said amounts in accordance with the resolution of the Board authorizing the issuance of such Bonds.

The issuance of the Bonds to accomplish a cross-over refunding, economic defeasance or other similar refunding shall be within the purview of this Section 209.

SECTION 210. Temporary Bonds. Until definitive Bonds are ready for delivery, there may be executed, and upon request of the Executive Director the Trustee shall authenticate and deliver, in lieu of definitive Bonds and subject to the same imitations and conditions except as to identifying numbers, temporary printed, engraved, lithographed or typewritten Bonds in authorized denominations substantially of the tenor hereinabove recited, and with appropriate omissions, insertions and variations as may be required. The Authority shall cause the definitive Bonds to be prepared and to be executed and delivered to the Trustee, and the Trustee, upon presentation to it of any temporary Bond, shall cancel the same in the manner set forth in Series 304 hereof and authenticate and deliver in exchange therefor, at the place designated by the Holder, without expense to the Holder, a definitive Bond or Bonds of the same aggregate principal amount and having the same Series, maturity and interest rate as the temporary Bond surrendered. Until so exchanged, the temporary Bonds shall in all respects be entitled to the same benefit and security of this Agreement as the definitive Bonds to be issued and authenticated hereunder.

SECTION 211. Mutilated, Destroyed, Stolen or Lost Bonds. In case any Bond secured hereby shall become mutilated or be destroyed, stolen or lost, the Authority may execute, and the Trustee may authenticate and deliver, a new Bond of like date, maturity and tenor in exchange and substitution for such Bond destroyed, stolen, mutilated or lost, upon the Holder's paying the reasonable expenses and charges of the Authority and the Trustee in connection therewith. In the case of any mutilated Bond, such mutilated Bond shall first be surrendered to the Trustee and, in the case of a Bond destroyed, stolen or lost, there shall first be furnished to the Trustee evidence satisfactory to the Trustee and to the Authority that such Bond was destroyed, stolen or lost, and there shall be furnished to the Authority and the Trustee indemnity satisfactory to them.

In the event any such Bond shall be about to mature or have matured or have been called for redemption, instead of issuing a duplicate Bond, the Authority may direct the Trustee to pay the same without surrender thereof. Any Bond surrendered for replacement shall be cancelled in the same manner as provided in Section 304 hereof.

Any such new Bonds issued pursuant to this Section shall constitute additional contractual obligations on the part of the Authority, whether or not the mutilated, lost, stolen or destroyed Bonds be at any time enforceable by anyone, and shall be entitled to equal and proportionate benefits and rights as to lien on and source and security for payment from the Pledged Revenues with all other Bonds.

SECTION 212. Qualification for Depository Trust Company. The Trustee is hereby authorized to enter into agreements with the Depository Trust Company of New York and other depository trust companies, including but not limited to, agreements necessary for wire transfers of interest and principal payments with respect to the Bonds, utilization of electronic book entry data received from the Depository Trust Company of New York and other depository trust companies in place of actual delivery of Bonds and provision of notices with respect to Bonds registered by the Depository Trust Company of New York and other depository trust companies (or any of their designees identified to the Trustee) by overnight delivery, courier service, telegram, telecopy or other similar means of communication.

SECTION 213. Capital Appreciation Bonds; Capital Appreciation and Income Bonds. For purposes of determining the principal amount of a Capital Appreciation Bond or a Capital Appreciation and Income Bond, for redemption or computation of the amount of Bonds held by the Holder thereof in giving to the Authority any notice, covenant, request or demand pursuant to this Agreement for any purpose whatsoever, the principal amount of a Capital Appreciation Bond shall be deemed to be its Accreted Value and the principal amount of a Capital Appreciation and Income Bond shall be deemed to be its Appreciated Value. For purposes of determining the amount required to be deposited to the credit of the Reserve Account, reference herein to the original principal amount shall mean in the case of Capital Appreciation Bonds, Capital Appreciation and Income Bonds and other Bonds which are sold to the public at a discount, the value of such Bonds at maturity.

SECTION 214. Debt Service Components. The Authority may incur indebtedness payable from moneys withdrawn from the Puerto Rico Infrastructure Fund on a pro rata basis with the deposits required to be made to the credit of the Bond Service Account, the Redemption Account and the Reserve Account (in respect of Bonds issued before November 1, 1997) under Section 401 hereof, which indebtedness is referred to herein as Debt Service Components; provided that prior to the incurrence of such indebtedness, the Authority shall file with the Trustee the certificates required by Section 208(c) and (d) or Section 209(f), as applicable, in respect of such Debt Service Components.

ARTICLE III

REDEMPTION OF BONDS

SECTION 301. Redemption of Bonds. The Bonds of each Series issued under the provisions of this Agreement may be made subject to redemption, both in whole and in part and at such times and prices, as may be provided in the resolution authorizing the issuance of such Bonds. Term Bonds shall be made subject to redemption to the extent of any Amortization Requirements therefor.

If less than all of the Bonds of any one maturity of a Series shall be called for redemption; the particular Bonds or portions of Bonds to be redeemed shall be selected by the Trustee in such manner as it shall deem fair and appropriate; provided, however, that the portion of any Bond of any Series to be redeemed shall be in the principal amount equal to the lowest denomination authorized for such Series or some multiple thereof, and that, in selecting Bonds for redemption, the Trustee shall treat each Bond as representing that number of Bonds which is obtained by dividing the principal amount of such Bond by the amount of such lowest authorized denomination.

SECTION 302. Redemption Notice. At least thirty (30) days before the redemption date of any Bonds or as otherwise provided in the resolution authorizing the issuance of the particular Bonds, the Trustee shall cause a notice of any such redemption, either in whole or in part, on behalf of the Authority to be mailed, by first class mail, postage prepaid, to any other paying agents for the Bonds to be redeemed and to all Holders of Bonds to be redeemed at their addresses as they appear upon the books of registration hereinabove provided for; but failure so to mail any such notice to any Holder or any defect in any notice so mailed shall not affect the validity of the proceedings for the redemption of other Bonds. Each such notice shall set forth (1) the date fixed for redemption, (2) the redemption price to be paid, (3) that on the date fixed for redemption the redemption price will become due and payable upon each Bond called for redemption, (4) if moneys for the payment of the redemption price shall be on deposit on such date, that interest thereon shall cease to accrue on and after said redemption date, (5) the place where such Bonds are to be surrendered for payment of such redemption price, (6) if less than all of the Bonds of a Series then Outstanding shall be called for redemption, the numbers of such Bonds and (7) the complete designation of the Series, including the CUSIP numbers. Each notice of redemption shall also contain (a) the date of issue of the Bond as originally issued; (b) the rate of interest borne by each Bond being redeemed; (c) the maturity date of each Bond being redeemed; and (d) the name, address and telephone number of a contact person, if any, representing the Trustee. In case any Bond is to be redeemed in part only, the notice of redemption which relates to such Bond shall state also the amount of such Bond to be redeemed and that on or after the redemption date, upon surrender of such Bond, a new Bond or Bonds of the same Series and maturity, bearing interest at the same rate and in principal amount equal to the unredeemed portion of such Bond will be issued.

In addition to the foregoing notice, further notice shall be given by the Trustee as set out below, but no defect in said further notice nor any failure to give all or any portion of such further notice shall be the basis for any liability of the Trustee or in any manner defeat the effectiveness of a call for redemption if notice thereof is given as above prescribed.

(a) Each further notice of redemption shall be sent by first class mail, postage prepaid, at least thirty (30) days before the redemption date to registered securities depositories and national information services whose names and addresses are included in the most recent list thereof furnished to the Trustee by the Authority; and

(b) The Trustee shall cause a second notice of redemption to be mailed in the manner and in the form required above for the initial notice of redemption to Holders of Bonds or portions thereof to be redeemed who have not surrendered their Bonds within sixty (60) days after the redemption date.

SECTION 303. Effect of Calling for Redemption. On the date so designated for redemption, notice having been given in the manner and under the conditions hereinabove provided, the Bonds or portions of Bonds so called for redemption shall become and be due and payable at the redemption price provided for redemption of such Bonds or portions of Bonds on such date, and, if sufficient moneys for payment of the redemption price and accrued interest or Sufficient Government Obligations as defined in Section 305 hereof are held by the Trustee in trust for the Holders of Bonds to be redeemed, as provided in this Agreement, interest on the Bonds or portions of Bonds so called for redemption shall cease to accrue, such Bonds or portions of Bonds shall cease to be entitled to any benefit or security hereunder and shall no longer be Outstanding hereunder and the Holders of such Bonds or portions of Bonds shall have no rights in respect thereof except to receive payment of the redemption price thereof and accrued interest, and, to the extent provided in Section 306 hereof, to receive Bonds for any unredeemed portions of Bonds.

SECTION 304. Cancellation of Bonds. All Bonds paid, redeemed or purchased by the Authority, either at or before maturity, shall be delivered to the Trustee when such payment, redemption or purchase is made and such Bonds shall thereupon be cancelled. The Trustee shall provide to the Authority the details of all Bonds so cancelled. All Bonds cancelled under any of the provisions of this Agreement either shall be delivered to the Authority or destroyed by the Trustee, as the Authority directs. Upon destruction of any Bonds, the Trustee shall execute a certificate in duplicate, describing the Bonds so destroyed, and one executed certificate shall be filed with the Authority and the other executed certificate shall be retained by the Trustee.

SECTION 305. Bonds To Be Paid Not Outstanding. If (a) Bonds shall have been duly called for redemption under the provisions of this Article or irrevocable instructions have been given the Authority to the Trustee to (i) call Bonds for redemption under the provisions of this Article or (ii) pay Bonds at their maturity or maturities (the Bonds described in clause (a) are herein collectively called the “Bonds to be Paid”), and (b) sufficient moneys to provide for the payment of such Bonds or Sufficient Government Obligations (as defined below) are held in separate accounts by the Trustee or other appropriate fiduciary institution acting as escrow agent solely for the Holders of the Bonds to be Paid, then, notwithstanding any other provisions herein to the contrary, the Bonds to be Paid shall not be deemed to be Outstanding under the provisions of this Agreement and shall cease to be entitled to any benefit or security under this Agreement.

For purposes of this Agreement “Sufficient Government Obligations” shall mean Government Obligations or obligations issued by the Federal National Mortgage Association, Federal Home Loan Mortgage Corporation, the Farm Credit System, Federal Home Loan Banks

or the Student Loan Marketing Association which are in such principal amounts, bear interest at such rate or rates and mature (without option of prior redemption) on such date or dates so that the proceeds to be received upon payment of such Government Obligations or obligations issued by Federal National Mortgage Association, Federal Home Loan Mortgage Corporation, Farm Credit System, Federal Home Loan Banks or Student Loan Marketing Association at their maturity and the interest to be received thereon, without any reinvestment thereof, will provide sufficient moneys on the dates required to pay the principal of and redemption premium, if any, and the interest on the Bonds to be Paid to the dates of their redemption or maturity.

SECTION 306. Partial Redemption. In case part but not all of an Outstanding Bond shall be selected for redemption, the Holder thereof or his attorney or legal representative shall present and surrender such Bond to the Trustee for payment of the principal amount thereof so called for redemption, and the Authority shall execute and the Trustee shall authenticate and deliver to or upon the order of such Holder or his attorney or legal representative, without charge to the Holder therefor, for the unredeemed portion of the principal amount of the Bond so surrendered, a new Bond or Bonds of the same Series and maturity, bearing interest at the same rate and of any denomination or denominations authorized by this Agreement.

ARTICLE IV

FUNDS AND ACCOUNTS

SECTION 401. Sinking Fund and Accounts. A special fund is hereby created and designated “Puerto Rico Infrastructure Financing Authority Special Tax Revenue Bonds Sinking Fund” (herein sometimes called the “Sinking Fund”) to be held by the Trustee. There are hereby created three separate accounts in the Sinking Fund designated “Bond Service Account”, “Redemption Account” and “Reserve Account”. Subject to the terms and conditions set forth in this Agreement, moneys held to the credit of the Sinking Fund shall be held in trust and disbursed by the Trustee for the purposes set forth below.

The Authority shall maintain with a Qualified Depositary the Puerto Rico Infrastructure Fund. The Authority shall not pledge or create any liens upon any moneys in the Puerto Rico Infrastructure Fund. As promptly as practicable upon the receipt of Special Tax Revenues or other moneys deposited to the credit of the Puerto Rico Infrastructure Fund, the Authority shall withdraw an amount of such Special Tax Revenues and other moneys to make the following deposits in the following order:

(a) to the credit of the Bond Service Account, such amount as may be required to make the total amount then to the credit of the Bond Service Account equal to the sum of (i) the amount of interest then or to become within the current Fiscal Year due and payable on the Bonds of each Series then Outstanding and (ii) the amount of principal of the Bonds of each Series then or to become within the current Fiscal Year due and payable;

(b) to the credit of the Redemption Account, such amount as may be required to make the total amount then in the then current Fiscal Year to the credit of the Redemption Account equal to the Amortization Requirement for such Fiscal Year for the Term Bonds of each Series then Outstanding; and

(c) in respect of Bonds issued before November 1, 1995 to the credit of the Reserve Account, such amount as may be required to make the amount then to the credit of the Reserve Account equal to the lesser of (i) the maximum aggregate Principal and Interest Requirements for any Fiscal Year thereafter on the Bonds outstanding and (ii) ten percent (10%) of the original principal amount of each Series of Bonds Outstanding.

In lieu of any required deposit or in substitution of moneys on deposit to the credit of the Reserve Account, the Authority may cause to be deposited to the credit of the Reserve Account a Reserve Account Insurance Policy or a Reserve Account Letter of Credit in an amount equal to such required deposit, which Reserve Account Insurance Policy or Reserve Account Letter of Credit shall be payable or available to be drawn upon, as the case may be (upon the giving of notice as required thereunder), on any payment date for any Bonds issued before November 1, 1997 on which a withdrawal from the Reserve Account would be required under Section 404 hereof and which shall give the Trustee the right to draw on any Reserve Account Insurance Policy or Reserve Account Letter of Credit prior to the expiration thereof unless the Authority has furnished

a replacement Reserve Account Insurance Policy or Reserve Account Letter of Credit or sufficient moneys to make amounts on deposit to the credit of the Reserve Account equal to the amount required therefor. If a disbursement is made under a Reserve Account Insurance Policy or a Reserve Account Letter of Credit, the Authority shall either reinstate the limits of such Reserve Account Insurance Policy or Reserve Account Letter of Credit or deposit to the credit of the Reserve Account moneys in the amount of the disbursement made under such Reserve Account Insurance Policy or Reserve Account Letter of Credit, or a combination of such alternatives.

If the Authority issues Variable Rate Bonds pursuant to the provisions of Section 208 or 209 of this Agreement, the assumptions for calculating interest for the current Fiscal Year and any adjustments necessary to ensure a sufficient deposit for the payment of said interest shall be provided for in the resolution authorizing the issuance of such Bonds. For purposes of clause (c) above, interest on Variable Rate Bonds shall be Calculated on the first day of the Fiscal Year for such Fiscal Year and on the date of issuance of any additional Series of Variable Rate Bonds.

If any interest payment date or a principal payment date for any Series of Bonds is the first day of a Fiscal Year, such payment date shall be included for purposes of the above deposits as if occurring on the last day of the preceding Fiscal Year.

If the Authority has incurred Debt Service Components, the Authority may withdraw moneys from the Puerto Rico Infrastructure Fund on a pro rata basis to make the deposits required in clauses (a) through (c) above and the deposits required to be made to the credit of comparable accounts established for the Debt Service Components. Notwithstanding the foregoing order of priorities, the Authority shall withdraw moneys from the Puerto Rico Infrastructure Fund to make (i) any payment necessary to satisfy the then current arbitrage rebate requirements under the Code for Bonds and Debt Service Components and (ii) any required deposit into an Arbitrage Rebate Fund or comparable fund for a Debt Service Component. After making the foregoing required applications, the Authority may apply any balance remaining to the credit of the Puerto Rico Infrastructure Fund to any lawful purpose.

SECTION 402. Withdrawals from Bond Service Account. The Trustee shall on each Interest Payment Date or as otherwise provided in the resolution of the Board authorizing the issuance of Bonds, withdraw from the Bond Service Account and (1) remit by mail (or by wire transfer if so provided by resolution of the Board) to each Holder of Bonds the amounts required for paying interest upon such Bonds as such interest becomes due and (2) set aside sufficient moneys for paying the principal of Bonds as such principal becomes due. If paying agents other than the Trustee have been designated by the Authority, the Trustee shall deposit in trust with such paying agents the amounts required to pay such principal and interest. Notwithstanding any provision herein to the contrary, if principal of and premium, if any, and interest on the Bonds that would have been paid from the Sinking Fund is paid instead by a Credit Facility or a Liquidity Facility, amounts held to the credit of the Bond Service Account and the Redemption Account, as applicable, for such purposes shall be paid, to the extent required under any agreement with the issuer of such Credit Facility or Liquidity Facility, to such issuer. The Trustee shall establish one or more subaccounts within the Bond Service Account and the Redemption Account, to the extent required by a resolution of the Board, to segregate

amounts to be paid to the issuer of a Credit Facility or a Liquidity Facility or amounts received from a Credit Facility or a Liquidity Facility.

SECTION 403. Withdrawals from Redemption Account. Moneys held for the credit of the Redemption Account shall be applied to the retirement of Bonds as follows:

(a) Subject to the provisions of paragraph (c) of this Section, the Trustee shall endeavor to purchase Bonds or portions of Bonds, whether or not such Bonds or portions shall then be subject to redemption, at the most advantageous price obtainable with reasonable diligence, such price not to exceed the principal of such Bonds plus the amount of the premium, if any, that would be payable on the next redemption date to the holders of such Bonds under the provisions of Article III of this Agreement if such Bonds or portions of Bonds should be called for redemption on such date from the moneys in the Redemption Account. The Trustee shall pay the interest accrued on such Bonds or portions of Bonds to the date of settlement therefor from the Bond Service Account and the purchase price from the Redemption Account, but no such purchase shall be made by the Trustee within the period of forty-five (45) days immediately preceding the date on which such Bonds are subject to call for redemption in part under the provisions of this Agreement except from moneys other than the moneys set aside or deposited for the redemption of Bonds.

(b) Subject to the provisions of paragraph (c) of this Section, the Trustee shall call for redemption on each date on which Bonds are subject to redemption from moneys in the Redemption Account such amount of Bonds or portions of Bonds then subject to redemption as, with the redemption premium, if any, will exhaust the moneys then held for the credit of the Redemption Account as nearly as may be; provided, however, that not less than One Hundred Thousand Dollars (\$100,000) principal amount of Bonds shall be called for redemption at any one time. Such redemption shall be made pursuant to the provisions of Article III of this Agreement. Prior to calling Bonds or portions of Bonds for redemption the Trustee shall withdraw from the Bond Service Account and from the Redemption Account (including from moneys transferred from the Reserve Account to the credit of the Redemption Account) and set aside in separate accounts or deposit with the Paying Agents the respective amounts required for paying the interest on, and the principal and redemption premium of, the Bonds or portions of Bonds so called for redemption.

(c) Moneys in the Redemption Account shall be applied by the Trustee in each Fiscal Year to the retirement of Bonds of each Series then Outstanding in the following order:

first, the Term Bonds of each such Series to the extent of the Amortization Requirement, if any, for such Fiscal Year for the Term Bonds of each such Series then Outstanding and, if the amount available in such Fiscal Year shall not be equal thereto, then in proportion to the Amortization Requirement, if any, for such Fiscal Year for the Term Bonds of each such Series then Outstanding, if any;

second, any balance then remaining shall be applied to the purchase of any Term Bonds secured hereby and then Outstanding whether or not such Bonds shall then be subject to redemption, in accordance with the provisions of paragraph (a) of this Section;

third, any balance then remaining shall be applied to the redemption of the Term Bonds of each such Series in proportion to the Amortization Requirement, if any, for such Fiscal Year for the Term Bonds of each such Series then Outstanding, plus the applicable premium, if any; and

fourth, after the retirement of all Term Bonds, any balance still remaining shall be applied to the retirement of the Serial Bonds of each Series in proportion to the aggregate principal amount of the Serial Bonds of each such Series originally issued under the provisions of this Agreement.

SECTION 404. Withdrawals from Reserve Account. Moneys held for the credit of the Reserve Account shall be used for the purpose of paying interest on the Bonds and maturing principal of Bonds in each case in respect of Bonds initially issued before November 1, 1997 when moneys held to the credit of the Bond Service Account shall be insufficient for such purpose and thereafter for the purpose of making deposits to the credit of the Redemption Account in respect of Term Bonds issued before November 1, 1997 pursuant to the requirements of clause (b) of Section 401 of this Agreement when moneys in the Puerto Rico Infrastructure Fund are insufficient therefor; provided that if moneys then held to the credit of the Bond Service Account are sufficient to pay principal of and interest on the Bonds in the current Fiscal Year, moneys held to the credit of the Reserve Account shall be withdrawn forty-five (45) days prior to the redemption date of any Bonds from moneys in the Redemption Account to the extent necessary to make the deposits required by said clause (b) of Section 401 of this Agreement.

Any moneys held for the credit of the Reserve Account in excess of the lesser of the maximum aggregate Principal and Interest Requirements on the Bonds Outstanding for any Fiscal Year thereafter and ten percent (10%) of the original principal amount of each Series of Bonds Outstanding shall, upon the written request of the Authority, be transferred to the credit of the Bond Service Account or the Redemption Account provided that if the deposits required by clauses (a) and (b) of Section 401 hereof to the credit of the Bond Service Account and the Redemption Account shall have been made for the current Fiscal Year, such excess may be transferred, upon the written request of the Authority, to the Puerto Rico Infrastructure Fund.

SECTION 405. Moneys Set Aside Held in Trust. All moneys which the Trustee shall have withdrawn from the accounts of the Sinking Fund, or shall have received from any other source and set aside or deposited with any paying agent for the purpose of paying any of the Bonds hereby secured, either at the maturity thereof or upon call for redemption, shall be held in trust for the respective Holders of such Bonds. Any moneys which shall be so set aside or deposited by the Trustee or any paying agent and which shall remain unclaimed by the Holders of such Bonds for the period of two (2) years after the date on which such Bonds shall have become payable shall, upon request in writing, be paid to the Authority or to such officer, board or body as may then be entitled by law to receive the same, and thereafter the Holders of such Bonds, shall look only to the Authority or to such officer, board or body, as the case may be, for

payment and then only to the extent of the amounts so received without any interest thereon, and the Trustee and any other paying agents shall have responsibility for such moneys.

SECTION 406. Establishment of Subaccounts in the Redemption Account. The Trustee shall establish one or more subaccounts in the Redemption Account for deposits for extraordinary mandatory redemptions of one or more Series of Bonds and shall deposit and withdraw moneys from such subaccounts, if and as required by resolutions of the Board adopted prior to the issuance of such Series of Bonds.

ARTICLE V

DEPOSITARIES OF MONEYS, SECURITY FOR DEPOSITS AND INVESTMENTS OF FUNDS

SECTION 501. Security for Deposits. All moneys deposited under the provisions of this Agreement with the Trustee, other than moneys deposited to the credit of the Arbitrage Rebate Fund, shall be held in trust under the terms hereof, and shall not be subject to lien or attachment by any creditor of the Authority.

All moneys deposited with the Trustee hereunder in excess of the amount insured by the Federal Deposit Insurance Corporation, the Federal Savings and Loan Insurance Corporation or other Federal agency shall be continuously secured for the benefit of the Trustee, the Holders of the Bonds and the issuer of any Credit Facility, either (a) by depositing with a bank or trust company approved by the Authority and by the Trustee, as custodian, or, if then permitted by law, by setting aside under control of the trust department of the bank holding such deposit, as collateral security, securities described in clause (i) of the definition of Government Obligations, or, with the approval of the Trustee, other marketable securities eligible as security for the deposit of trust funds under applicable regulations of the Comptroller of the Currency of the United States of America and applicable Commonwealth of Puerto Rico laws or regulations, having a market value (exclusive of accrued interest) not less than the amount of such deposit, or, (b) if the furnishing of security as provided in clause (a) of this Section is not permitted by applicable law, in such other manner as may then be required or permitted by applicable Commonwealth of Puerto Rico and Federal laws or regulations regarding the security for, or granting a preference in the case of, the deposit of trust funds; provided, however, that it shall not be necessary for the Trustee to give security for the deposits of any moneys for the payment of the principal of or the redemption premium or the interest on any Bonds issued hereunder, or for the Trustee or other Qualified Depositary or Qualified Depositaries to give security for any moneys which shall be represented by obligations purchased under the provisions of this Article as an investment of such moneys.

All moneys deposited with the Trustee shall be credited to the particular fund or account to which such moneys belong.

SECTION 502. Investment of Moneys. Moneys held for the credit of the Bond Service Account and the Redemption Account (except for any subaccounts established by one or more resolutions of the Board to segregate amounts received from a Credit Facility or a Liquidity Facility, which resolution or resolutions may provide for the investment of moneys deposited to the credit of any such subaccount) shall, as nearly as may be practicable, be continuously invested and reinvested, at the written direction of the Authority, in Government Obligations that shall mature, or that shall be subject to redemption by the holder thereof at the option of such holder, not later than the respective dates when moneys held for the credit of said accounts will be required for the purposes intended. Moneys held for the credit of the Reserve Account shall as nearly as may be practicable, be continuously invested and reinvested at the written direction of the Authority in Investment Obligations that shall mature no later than the final maturity of the Bonds in respect of Bonds initially issued before November 1, 1997.

Obligations so purchased as an investment of moneys in any such fund or account shall be deemed at all times to be a part of such fund or account, and any investment earnings and profit or loss realized on the sale or maturity thereof, shall be credited or debited to such fund or account; provided, however, that if the deposits to any account required by Section 401 hereof have been made for the current Fiscal Year, the investment earnings on moneys held to the credit of such account shall be deposited in the order set forth in said Section 401 to the credit of any account for which such required deposit has not been made, and if all such required deposits have been made, such earnings shall be paid to the Puerto Rico Infrastructure Fund. The Trustee, at the written direction of the Authority, shall sell any obligations so purchased as an investment whenever it shall be necessary to do so in order to provide moneys to meet any payments or transfers from such fund or account. Neither the Trustee nor the Authority shall be liable or responsible for any loss resulting from any such investment.

In the case of investments in the obligations described in clauses (iii)(B) and (vi) of the definition of Investment Obligations, the Authority shall deliver to the Trustee, if the Trustee so requests, an opinion of counsel acceptable to the Trustee as to the perfection and priority of the security interests in the collateral described therein.

SECTION 503. Valuation of Investments. In computing the amount in any fund or account created pursuant to the provisions of this Agreement, obligations purchased as an investment of moneys therein shall be valued at par if purchased at par or at amortized value if purchased at other than par, plus, in each case, accrued interest. Amortized value, when used with respect to an obligation purchased at a premium above or a discount below par, means the value as of any given time obtained by dividing the total premium or discount at which such obligation was purchased by the number of days remaining to maturity on such obligation at the date of such purchase and by multiplying the amount thus calculated by the number of days having passed since such purchase; and (1) in the case of an obligation purchased at a premium by deducting the product thus obtained from the purchase price, and (2) in the case of an obligation purchased at a discount by adding the product thus obtained to the purchase price. Valuation on any particular date shall include the amount of interest then earned or accrued to such date on any moneys or investments in such fund or account. The computation of the amount on deposit in or credited to any fund and account created under this Agreement and the valuation of the investments of such amount shall be performed by the Trustee for such fund and account held by the Trustee on the last day of each Fiscal Year, and such computation and valuation shall not be required to be performed at other times, except upon the written request of the Authority.

SECTION 504. Tax Covenants. The Authority covenants and agrees that so long as any Bonds remain Outstanding, to the extent permitted by the Constitution and laws of the Commonwealth of Puerto Rico, it shall comply with the requirements of the Code, including any arbitrage rebate covenants contained in any agreement entered into by and between the Authority and the Trustee in connection with the issuance of any Series of Bonds, except to the extent failure so to comply would not, in the opinion of counsel of recognized standing in the field of law relating to municipal bonds, result in the interest payable on such Bonds being included in gross income for federal income tax purposes to the Holders thereof under the Code. Notwithstanding anything to the contrary contained herein or otherwise, the Authority shall not be required to comply with the covenants herein contained with respect to a specific Series of Bonds, to the extent that interest on such Series of Bonds shall be intended by the Authority, on

the date of issuance of such Bonds, to be included in gross income for federal income tax purposes to the Holders thereof under the Code.

ARTICLE VI

PARTICULAR COVENANTS

SECTION 601. Payment of Principal, Interest and Premium; Pledge of Pledged Revenues. The Authority covenants that it will promptly pay the principal of and the interest on every Bond issued hereunder and secured hereby at the places, on the dates and in the manner specified herein and in said Bonds and any premium required for the retirement of said Bonds by purchase or redemption, according to the true intent and meaning thereof. Except as in this Agreement otherwise provided, such principal, interest and premium, if any, are payable solely from the Pledged Revenues, which Pledged Revenues are hereby pledged to the payment thereof in the manner and to the extent hereinabove particularly specified. Nothing in the Bonds or in this Agreement shall be deemed to constitute the Bonds a debt or obligation of the Commonwealth of Puerto Rico or any of its political subdivisions, and neither the Commonwealth of Puerto Rico nor any of its political subdivisions shall be liable for the payment of the principal of or the interest on the Bonds.

SECTION 602. No Impairment. The Authority covenants and agrees that, so long as any of the Bonds shall be Outstanding, none of the Pledged Revenues will be used for any purpose other than as provided in this Agreement, and that no contract or contracts will be entered into or any action taken by which the rights of the Trustee or of the Holders to such Pledged Revenues might be impaired or diminished. Any resolution adopted by the Board authorizing the issuance of a Series of Bonds shall, for all purposes, be deemed part of this Agreement and shall constitute a contract for the benefit of the Holders of said Series. The Agreement and any such resolution may be supplemented and amended only in accordance with Article X hereof, except for supplements and amendments adopted or entered into prior to the issuance of the applicable Series of Bonds which may be adopted or entered into without restriction.

SECTION 603. Inclusion of Shortfall in Budget. If the amount of projected Special Tax Revenues in any fiscal year of the Commonwealth is less than the maximum amount required to be so deposited under the Act, the Authority shall request the Director of the Office of Budget and Management of the Commonwealth to include in the budget the necessary appropriations to cover such deficiency. For purposes of the foregoing sentence, the Authority shall project Special Tax Revenues in the next Fiscal Year of the Commonwealth at such time as shall enable the Authority to file a timely request with the Director of the Office of Budget and Management of the Commonwealth to ensure inclusion in the budget for the next Fiscal Year. If in any fiscal year the amount of Special Tax Revenues deposited to the credit of the Infrastructure Fund shall be insufficient to permit the Authority to make the deposits into the Sinking Fund set forth in Section 401 hereof in the amounts therein required, the Authority shall immediately notify the Secretary of the Treasury of the amount of such insufficiency and shall in such notice request said Secretary to make in accordance with the Act one or more advances to the Authority aggregating the amount of such insufficiency from and to the extent of any available funds under the control of said Secretary. The Authority shall deposit all such advances as and if received to the credit of the appropriate accounts in the Sinking Fund.

ARTICLE VII

REMEDIES

SECTION 701. Enforcement of Remedies. At the request of the Holders of not less than twenty percent (20%) of the aggregate principal amount of Bonds then Outstanding, the Trustee shall proceed, subject to the provisions of Section 802 hereof, to protect and enforce its rights and the rights of the Holders under the laws of the Commonwealth or under this Agreement, including all rights with respect to funds and other moneys pledged hereunder, by such suits, actions or special proceedings in equity or at law, or by proceedings in the office of any board or officer having jurisdiction, either for the specific performance of any covenant or agreement contained herein or in aid or execution of any power herein granted or for the enforcement of any proper legal or equitable remedy, as the Trustee, being advised by counsel, shall deem most effectual to protect and enforce such rights.

In the enforcement of any remedy under this Agreement the Trustee shall be entitled to sue for, enforce payment of and recover judgment for, in its own name and as trustee of an express trust, any and all amounts then or after any default becoming, and at any time remaining, due from the Authority for principal, premium, if any, interest or otherwise under any of the provisions of this Agreement or of the Bonds and unpaid, with interest on overdue payments of principal, premium, if any, and interest at the rate or rates of interest specified in the Bonds, together with any and all costs and expenses of collection and of all proceedings hereunder and under the Bonds and maintain a suit, action or special proceeding in equity or at law against the Authority for any deficiency, all without prejudice to any other right or remedy of the Trustee or of the Holders, and to recover and enforce any judgment or decree against the Authority, but solely as provided herein and in the Bonds, for any portion of such amounts remaining unpaid and interest, costs and expenses as above provided, and to collect, in any manner provided by law, the moneys adjudged or decreed to be payable.

SECTION 702. Pro rata Application of Funds. Anything in this Agreement to the contrary notwithstanding, if at any time the moneys in the Sinking Fund shall not be sufficient to pay the interest on or the principal of the Bonds as the same shall become due and payable, such moneys (except for any moneys deposited in a separate subaccount from a drawing on a Credit Facility or Liquidity Facility which shall secure only specified Bonds), together with any moneys then available or thereafter becoming available for such purpose, whether through the exercise of the remedies provided for in this Article or otherwise, shall be applied as follows:

first: to the payment to the persons entitled thereto of all installments of interest then due and payable, in the order in which such installments became due and payable and, if the amount available shall not be sufficient to pay in full any particular installment, then to the payment, ratably, according to the amounts due on such installment, to the persons entitled thereto, without any discrimination or preference except as to any difference in the respective rates of interest specified in such Bonds;

second: to the payment to the persons entitled thereto of the unpaid principal of any of the Bonds which shall have become due (other than Bonds called for redemption for the payment of which moneys are held pursuant to the provisions of this Agreement) in the

order of their due dates, with interest on such Bonds at the respective rates specified therein from the respective dates upon which such Bonds became due, and, if the amount available shall not be sufficient to pay in full the principal of such Bonds due on any particular date, together with such interest, then to the payment first of such interest, ratably, according to the amount of such interest due on such date, and then to the payment of such principal, ratably, according to the amount of such principal due on such date, to the persons entitled thereto without any discrimination or preference except as to any difference in the respective rates of interest specified in the Bonds;

third: to the payment of the interest on and the principal of the Bonds, to the purchase and retirement of Bonds and to the redemption of Bonds, all in accordance with the provisions of Article IV of this Agreement; and

fourth: to the payment of any amounts then due and owing to a provider of a Credit Facility or a Liquidity Facility.

Whenever moneys are to be applied pursuant to the provisions of this Section, such moneys shall be applied by the Trustee at such times, and from time to time, as the Trustee in its sole discretion shall determine, having due regard to the amount of such moneys available for application and the likelihood of additional moneys becoming available for such application in the future; the setting aside of such moneys in trust for the proper purpose shall constitute proper application by the Trustee; and the Trustee shall incur no liability whatsoever to the Authority, to any Holder or to any other person for any delay in applying any such moneys, so long as the Trustee acts with reasonable diligence, having due regard to the circumstances, and ultimately applies the same in accordance with such provisions of this Agreement as may be applicable at the time of application by the Trustee. Whenever the Trustee shall exercise such discretion in applying such moneys, he shall fix the date (which shall be an Interest Payment Date unless the Trustee shall deem another date more suitable) upon which such application is to be made and upon such date interest on the amounts of principal to be paid on such date shall cease to accrue. The Trustee shall give notice as he may deem appropriate of the fixing of any such date, and shall not be required to make payment to the holder of any Bond until such Bond shall be surrendered to him for appropriate endorsement, or for cancellation if fully paid.

SECTION 703. Effect of Discontinuance of Proceedings. In case any proceeding taken by the Trustee shall have been discontinued or abandoned for any reason, then and in every such case the Authority, the Trustee and the Holders shall be restored to their former positions and rights hereunder, respectively, and all rights, remedies, powers and duties of the Trustee shall continue as though no such proceeding had been taken.

SECTION 704. Bondholders May Control Proceedings. Anything in this Agreement to the contrary notwithstanding, Holders of a majority in principal amount of the Bonds Outstanding shall have the right, subject to the provisions of Section 802 hereof, by an instrument in writing executed and delivered to the Trustee, to direct the time, method and place of conducting all remedial proceedings to be taken by the Trustee hereunder, provided that such direction shall not be otherwise than in accordance with law and the provisions of this Agreement. In the event that particular Bonds are secured by a Credit Facility or Liquidity Facility and the provider of the Credit Facility or Liquidity Facility has not defaulted on its

obligations under such Credit Facility or Liquidity Facility, the provider of such Credit Facility or Liquidity Facility shall have the right, in lieu of the Holders of the Bonds secured thereby, to direct the method and place of conducting such remedial proceedings and to give any consents or waivers to such remedial proceedings under this Article VII.

SECTION 705. Restrictions Upon Actions by Individual Bondholders. No Holder of any of the Bonds shall have any right to institute, appear in or defend any suit, action or proceeding in equity or at law on any Bond or for the execution of any trust hereunder or for any other remedy hereunder. It is understood and intended that no one or more Holders of the Bonds hereby secured shall have any right in any manner whatever by his or their action to affect, disturb, or prejudice the security of this Agreement, or to enforce any right hereunder, that all suits, actions and proceedings at law or in equity shall be instituted, had and maintained in the manner herein provided and for the benefit of all holders of such outstanding Bonds, and that any individual right of action or other right given to one or more of such holders by law is restricted by this Agreement to the rights and remedies herein provided.

SECTION 706. No Remedy Exclusive. No remedy herein conferred upon or reserved to the Holders of the Bonds is intended to be exclusive of any other remedy or remedies herein provided, and each and every such remedy shall be cumulative and shall be in addition to every other remedy given hereunder.

SECTION 707. No Delay or Omission Construed to be a Waiver. No delay or omission of the Trustee, or any Holder of the Bonds to exercise any right or power accruing upon any default shall impair any such right or power or shall be construed to be a waiver of any such default or an acquiescence therein; and every power and remedy given by this Agreement to the Trustee and to the Holders may be exercised from time to time and as often as may be deemed expedient.

SECTION 708. Actions of Trustee. All rights of action under this Agreement or under any of the Bonds enforceable by the Trustee may be enforced by it without the possession of any of the Bonds or the production thereof in the trial or other proceeding relative thereto, and any such suit, action or proceeding instituted by the Trustee shall be brought in its name for the benefit of all the Holders of such Bonds, subject to the provisions of this Agreement.

ARTICLE VIII

CONCERNING THE TRUSTEE

SECTION 801. Acceptance of Trusts. The Trustee accepts and agrees to execute the trusts imposed upon it by this Agreement, but only upon the terms and conditions set forth in this Article and subject to the provisions of this Agreement, to all of which the parties hereto and the respective Holders of the Bonds agree.

The Trustee undertakes to perform such duties and only such duties as are specifically set forth in this Agreement, and no implied covenants or obligations shall be read into this Agreement against the Trustee.

SECTION 802. Trustee Entitled to Indemnity. Any other provisions of this Agreement to the contrary notwithstanding, other than any steps required to draw upon a Credit Facility or a Liquidity Facility to make timely payments of interest on and principal or purchase price of Bonds secured by said Credit Facility or Liquidity Facility, as further provided by resolution of the Board authorizing the issuance of such Bonds, the Trustee shall be under no obligation to institute any suit, or to take any remedial proceeding under this Agreement, or to enter any appearance or in any way defend in any suit in which it may be made defendant, or to take any steps in the execution of the trusts hereby created or in the enforcement of any rights and powers hereunder, until it shall be indemnified to its satisfaction against any and all costs and expenses, outlays and counsel fees and other reasonable disbursements, and against all liability; the Trustee may, nevertheless, begin suit, or appear in and defend suit, or do anything else in its judgment proper to be done by it as such Trustee, without prior indemnity and in such case it shall be indemnified and reimbursed by the Authority for all liabilities, costs and expenses, outlays and counsel fees and other reasonable disbursements properly incurred in connection therewith.

SECTION 803. Limitation on Trustee's Liabilities. The Trustee shall have no responsibility in respect of the validity, sufficiency, due execution or acknowledgment of this Agreement or the validity or sufficiency of the security provided hereunder, or except as to the authentication thereof, in respect of the validity of the Bonds or the due execution or issuance thereof. The Trustee shall not be liable or responsible because of the loss of any deposit of moneys arising through the insolvency or the act or default or omission of any other bank or trust company in which such deposit shall have been made by the Trustee under the provisions of this Agreement or by the Authority. The Trustee shall not be responsible for the application of any of the proceeds of the Bonds, or the application of any other moneys deposited with it and paid out, withdrawn or transferred hereunder, if the application by the Trustee of such proceeds and such other moneys and such payment, withdrawal or transfer shall be made in accordance with the provisions of this Agreement. The Trustee shall not be liable in connection with the performance of its duties hereunder or for any error of judgment made in good faith by it, except for its own negligence or default. The Trustee may confer with competent legal counsel and shall not be liable for any action taken or suffered by it in good faith in accordance with an opinion of counsel. The immunities and exemptions from liability of the Trustee hereunder shall extend to its directors, officers, employees and agents.

The Trustee may execute any of the trusts or powers hereunder or perform any duties hereunder either directly or by or through agents or attorneys and the Trustee shall not be responsible for any misconduct or negligence on the part of any agent or attorney appointed with due care by it hereunder.

SECTION 804. Compensation and Indemnification of Trustee. Subject to the provisions of any contract between the Authority and the Trustee and to Section 401 hereof, the Authority shall pay to the Trustee reasonable compensation for all services rendered by it hereunder and also all of its reasonable expenses, charges and other disbursements and those of its attorneys, agents and employees incurred in and about the administration and execution of the trusts hereby created, and the performance of its powers and duties hereunder, agrees to indemnify and save the Trustee harmless against any liabilities which it may incur in the exercise and performance of its powers and duties hereunder, including the costs and expenses of defending itself against any claim or liability in connection with the exercise or performance of any of its powers or duties hereunder.

SECTION 805. Trustee May Rely on Certificates. In case at any time it shall be necessary or desirable for the Trustee to make any investigation respecting any fact preparatory to taking or not taking any action or doing or not doing anything as such Trustee, and in any case in which this Agreement provides for permitting or taking any action, and whenever in the administration of this Agreement the Trustee shall deem it desirable that a matter be proved or established prior to taking, suffering or omitting any action hereunder, the Trustee may, in the absence of bad faith, rely conclusively upon any certificate, requisition, opinion or other instrument required or permitted to be filed with it under the provisions of this Agreement, and any such instrument shall be conclusive evidence of such fact to protect the Trustee in any action that it may or may not take or in respect of anything it may or may not do, in good faith, by reason of the supposed existence of such fact. Except as otherwise provided in this Agreement, any request, notice, certificate or other instrument from the Authority to the Trustee shall be deemed to have been signed by the proper party or parties if signed by the Executive Director or by any officer or employee of the Authority who shall be designated by the Authority by resolution for the purpose, and the Trustee may accept and rely upon a certificate signed by the Executive Director or any other officer or employee of the Authority as to any action taken by the Authority.

SECTION 806. Notice of Default. The Trustee shall mail to the Holders of the Bonds then Outstanding, at their addresses as they appear on the registration books, within thirty (30) days after the Trustee shall have knowledge of such default, and to any provider of a Credit Facility or a Liquidity Facility, at its address as it is known by the Trustee, within fifteen (15) days after the Trustee shall have knowledge of such default, written notice of any default in the payment of principal of and interest and premium on any Bond, and any other default known to the Trustee unless such default shall have been cured or waived. Except for such payment defaults, the Trustee shall not be deemed to have knowledge of any default hereunder unless specifically notified in writing by the Holders of not less than ten percent (10%) in principal amount of the Bonds Outstanding.

Notwithstanding the foregoing, except for any default in the payment of principal of and interest and premium on any Bond, the Trustee may withhold and shall be protected in

withholding any notice to the Holders if and so long as the Trustee in good faith determines that the withholding of such notice is in the interests of the Holders.

SECTION 807. Trustee May Be Bondholder. The bank or trust company acting as Trustee under this Agreement, and its directors, officers, agents or employees in their respective individual or other capacities, may buy, sell, own, hold and deal in any of the Bonds issued under and secured by this Agreement, and may join in any action which any Holder of Bonds may be entitled to take with like effect and may otherwise deal with the Authority as if such bank or trust company were not the Trustee under this Agreement, may engage or be interested in any financial or other transaction with the Authority, and may maintain any and all of the general banking and business relations with the Authority with like effect and in the same manner as if the Trustee were not a party to this Agreement; and no implied covenant shall be read into this Agreement against the Trustee in respect of such matters.

SECTION 808. Trustee Not Responsible for Recitals. The recitals, statements and representations contained herein and in the Bonds (excluding the Trustee's certificate of authentication on the Bonds) shall be taken and construed as made by and on the part of the Authority and not by the Trustee, and the Trustee assumes and shall be under no responsibility for the correctness of the same. The Trustee makes no representation as to the validity or sufficiency of this Agreement or the Bonds.

SECTION 809. Trustee Protected in Relying on Papers. The Trustee shall be protected in acting or proceeding, or in not acting or not proceeding, in good faith, upon any resolution, order, notice, request, consent, waiver, certificate, statement, affidavit, requisition, bond or other paper or document which it shall in good faith believe to be genuine and to have been passed or signed by the proper board or person or to have been prepared and furnished pursuant to any of the provisions of this Agreement, or upon the written opinion or other written advice of any attorney believed by the Trustee to be qualified in relation to the subject matter, and the Trustee shall be under no duty to make any investigation or inquiry as to any statements contained or matters referred to in any such instrument.

SECTION 810. Resignation of Trustee. The Trustee may resign and thereby become discharged from the trusts hereby created, by notice in writing to be given to the Authority and published in a daily newspaper of general circulation published in the Municipality of San Juan, Puerto Rico and in a daily newspaper or financial journal published in the Borough of Manhattan, City and State of New York, not less than sixty (60) days before such resignation is to take effect, but such resignation shall take effect immediately upon the appointment of a new Trustee hereunder, if such new Trustee shall be appointed before the time limited by such notice and shall then accept the trusts hereof.

No resignation by the Trustee under this Section, no removal of the Trustee under Section 811 hereof and no appointment of a successor Trustee under Section 812 hereof shall become effective until the acceptance of appointment by the successor Trustee under Section 813 hereof.

SECTION 811. Removal of Trustee. The Trustee may be removed at any time by an instrument or concurrent instruments in writing, signed by the Holders of not less than a majority in principal amount of the Bonds hereby secured and then outstanding and filed with the

Authority. A photostatic copy of each such instrument shall be delivered promptly by the Authority to the Trustee. The Trustee may also be removed at any time for any breach of trust or for acting or proceeding in violation of, or for failing to act or proceed in accordance with, any provision of this Agreement with respect to the duties and obligations of the Trustee by any court of competent jurisdiction upon the application of the Authority pursuant to resolution of the Holders of not less than ten percent (10%) in aggregate principal amount of the Bonds then Outstanding under this Agreement.

SECTION 812. Appointment of Successor Trustee. If at any time hereafter the Trustee shall resign, be removed, be dissolved or otherwise become incapable of acting, or the bank or trust company acting as Trustee shall be taken over by any governmental official, agency, department or board, the position of Trustee shall thereupon become vacant. If the position of Trustee shall become vacant for any reason, the Authority shall appoint a Trustee to fill such vacancy. Within thirty (30) days after any such appointment, the Secretary of the Authority shall cause notice of such appointment to be published in a daily newspaper of general circulation published in the Municipality of San Juan, Puerto Rico, and in a daily newspaper or financial journal of general circulation in the Borough of Manhattan, City and State of New York.

At any time within one year after any such vacancy shall have occurred, the Holders of a majority in principal amount of the Bonds hereby secured and then Outstanding, by an instrument or concurrent instruments in writing, signed by such Bondholders or their attorneys in fact thereunto duly authorized and filed with the Authority, may appoint a successor Trustee, which shall supersede any Trustee theretofore appointed by the Board. Photostatic copies of each such instrument shall be delivered promptly by the Authority to the predecessor Trustee and to the Trustee so appointed by the Bondholders.

If no appointment of a successor Trustee shall be made pursuant to the foregoing provisions of this Section within ten (10) days after the vacancy shall have occurred, the Holder of any Bond Outstanding hereunder or any retiring Trustee may apply to any court of competent jurisdiction to appoint a successor Trustee. Such court may thereupon, after such notice, if any, as such court may deem proper and prescribe, appoint a successor Trustee.

Any Trustee hereafter appointed shall be a corporation duly authorized to exercise corporate trust powers and subject to examination by Federal, state or Commonwealth authority and in good standing and having at the time of its appointment a combined capital and surplus aggregating at least One Hundred Million Dollars (\$100,000,000).

SECTION 813. Vesting of Trust with Successor Trustee. Every successor Trustee appointed hereunder shall execute, acknowledge and deliver to its predecessor, and also to the Authority, an instrument in writing accepting such appointment hereunder, and thereupon such successor Trustee, without any further act, shall become fully vested with all the rights, immunities, powers and trusts, and subject to all the duties and obligations, of its predecessor; but such predecessor shall, nevertheless, on the written request of its successor or of the Authority, execute and deliver an instrument transferring to such successor Trustee all the rights, immunities, powers and trusts of such predecessor hereunder; and every predecessor Trustee shall deliver all property and moneys held by it hereunder to its successor. Should any instrument

in writing from the Authority be required by any successor Trustee for more fully and certainly vesting in such Trustee the rights, immunities, power and trusts hereby vested or intended to be vested in the predecessor Trustee, any such instrument in writing shall and will, on request, be executed, acknowledged and delivered by the Authority.

SECTION 814. Reporting Requirements. The Trustee shall on a monthly basis, file with the Authority a statement setting forth in respect of the preceding calendar month:

- (a) the amount withdrawn or transferred by it and the amount deposited with it on account of each Fund and Account held by it under the provisions of this Agreement;
- (b) the amount on deposit with it at the end of such month to the credit of each such Fund and Account;
- (c) a brief description of all obligations held by it as an investment of moneys in each such Fund and Account and of any Reserve Account Letter of Credit or Reserve Account Insurance Policy in the Reserve Account;
- (d) the amount applied to the purchase or redemption of Bonds under Section 403 of this Agreement and a description of Bonds or portions of Bonds so purchased or redeemed; and
- (e) any other information which the Authority may reasonably request.

All records and files pertaining to the trusts hereunder in the custody of the Trustee shall be open at all reasonable times to the Authority and its agents and representatives.

ARTICLE IX

EXECUTION OF INSTRUMENTS BY BONDHOLDERS AND PROOF OF OWNERSHIP OF BONDS

SECTION 901. Proof of Execution of Documents and Ownership.

(a) Any request, direction, consent or other instrument in writing required by this Agreement to be signed or executed by Bondholders may be in any number of concurrent instruments of similar tenor and may be signed or executed by such Bondholders in person or by their attorneys or legal representatives appointed by an instrument in writing. Proof of the execution of any such instrument and of the ownership of Bonds shall be sufficient for any purpose of this Agreement and shall be conclusive in favor of the Trustee with regard to any action taken by it under such instrument if made in the following manner:

(1) The fact and date of the execution by any person of any such instrument may be proved by the verification of any officer in any jurisdiction who, by the laws thereof, has power to take affidavits within such jurisdiction, to the effect that such instrument was subscribed and sworn to before him, or by an affidavit of a witness to such execution. Where such execution is in behalf of a person other than an individual, such verification shall also constitute sufficient approval of the authority of the signor thereof.

(2) The ownership of Bonds shall be proved by the registration books required to be maintained pursuant to the provisions of Article II of this Agreement.

Nothing contained in this Article shall be construed as limiting the Trustee to such proof, it being intended that the Trustee may accept any other evidence of the matters herein stated which it may deem sufficient.

(b) If the Authority shall solicit from the Holders any request, direction, consent or other instrument in writing required or permitted by this Agreement to be signed or executed by the Holders, the Authority may, at its option, fix in advance a record date for determination of Holders entitled to give each request, direction, consent or other instrument, but the Authority shall have no obligation to do so. If such a record date is fixed, such request, direction, consent or other instrument may be given before or after such record date, but only the Holders of record at the close of business on such record date shall be deemed to be Holders for the purposes of determining whether Holders of the requisite proportion of Bonds have authorized or agreed or consented to such request, direction, consent or other instrument, and for that purpose the Bonds shall be computed as of such record date.

(c) Any request or consent of the Holder of any Bond shall bind every future Holder of the same Bond in respect of anything done by the Trustee pursuant to such request or consent.

ARTICLE X

SUPPLEMENTAL AGREEMENTS

SECTION 1001. Supplemental Agreements Without Bondholders' Consent. The Authority and the Trustee may, from time to time and at any time, enter into such agreements supplemental hereto as shall not be inconsistent with the terms and provisions hereof (which supplemental agreements shall thereafter form a part hereof):

(a) to cure any ambiguity or formal defect or omission in this Agreement or in any supplemental agreement or to correct or supplement any provision contained herein that may be defective or inconsistent with any other provisions contained herein; or

(b) to grant to or confer upon the Trustee for the benefit of the Bondholders any additional rights, remedies, powers, authority or security that may lawfully be granted to or conferred upon the Bondholders or the Trustee; or

(c) to add to the conditions, limitations and restrictions on the issuance of Bonds under the provisions of this Agreement, other conditions, limitations and restrictions thereafter to be observed; or

(d) to add to the covenants and agreements of the Authority in this Agreement other covenants and agreements thereafter to be observed by the Authority or to surrender any right or power herein reserved to or conferred upon the Authority; or

(e) to permit the issuance of Bonds, the interest on which is intended to be excludible from gross income for federal income tax purposes under the Code to the Holders thereof, in coupon form, if the conditions precedent stated herein have been met; or

(f) to permit the Authority to issue Bonds the interest on which is not excludible from gross income for federal income tax purposes under the Code to the Holders thereof; or

(g) to qualify the Bonds or any of the Bonds for registration under the Securities Act of 1933, as amended, or the Securities Exchange Act of 1934, as amended; or

(h) to qualify this Agreement as an "indenture" under the Trust Indenture Act of 1939, as amended; or

(i) to make such changes as may be necessary to adjust the terms hereof so as to facilitate the issuance of Variable Rate Bonds, Capital Appreciation Bonds, Capital Appreciation and Income Bonds, Put Bonds, Extendible Maturity Bonds, Balloon Bonds, Interim Bonds and such other Bonds as may be marketable from time to time; or

(j) to make such changes as may be necessary to comply with the provisions of the Code relating to the exclusion of interest on the Bonds from gross income thereunder; or

(k) to make such changes as may evidence the right and interest of an issuer of a Credit Facility or a Liquidity Facility that secures any Series of Bonds.

SECTION 1002. Modification with Consent of Holders of Majority of Bonds.
Subject to the terms and provisions contained in this Section, and not otherwise, the Holders of not less than a majority in aggregate principal amount of the Bonds at the time Outstanding (or in case less than all of several Series of Bonds then Outstanding are affected by the supplement hereto, the Holders of not less than a majority in principal amount of the Bonds of each Series so affected and Outstanding at the time the consent is given) shall have the right, from time to time, anything contained in this Agreement to the contrary notwithstanding, to consent to and approve the execution by the Authority and the Trustee of such agreement or agreements supplemental hereto as shall be deemed necessary or desirable by the Authority for the purpose of modifying, altering, amending, adding to or rescinding, in any particular, any of the terms or provisions contained in this Agreement or in any supplemental agreement; provided, however, that nothing herein contained shall permit, or be construed as permitting, without the consent of the Holders of one hundred percent (100%) of the Bonds Outstanding (a) an extension of the maturity of any Bond issued hereunder (other than as provided by the terms of an Extendible Maturity Bond), or (b) a reduction in the principal amount of any Bond or the redemption premium or the rate of interest thereon, or (c) a preference or priority of any Bond or Bonds over any other Bond or Bonds, or (d) a reduction in the aggregate principal amount of the Bonds required for consent to such supplemental Agreement. Nothing herein contained, however, shall be construed as making necessary the approval by Bondholders of the execution of any supplemental agreement authorized by Section 1001 of this Article. The provider of any Credit Facility or Liquidity Facility shall have the right, in lieu of the Holders of Bonds secured thereby, to give consent to any supplemental agreement for which consent of the Holders of such Bonds is required under this Article and all references to Bondholders for purposes of such consent shall mean instead the provider of said Credit Facility or Liquidity Facility; provided, however, that said provider of a Credit Facility or Liquidity Facility shall not be in default on its obligations in connection with said Credit Facility or Liquidity Facility.

If at any time the Authority shall request the Trustee to enter into any supplemental agreement for any of the purposes of this Section, the Trustee shall cause a notice to be mailed, postage prepaid, to all Holders of Bonds then Outstanding at their addresses as they appear on the registration books and to any provider of a Credit Facility or Liquidity Facility. Such notice shall briefly set forth the nature of the proposed supplemental agreement and shall state that a copy thereof is on file at the principal corporate trust office of the Trustee for inspection by all Bondholders. The Trustee shall not, however, be subject to any liability to any Bondholder by reason of its failure to mail the notice required by this Section, and any such failure shall not affect the validity of such supplemental agreement when consented to or approved as provided in this Section.

Whenever, at any time within a year after the date of the mailing of such notice, the Authority shall deliver to the Trustee an instrument or instruments purporting to be executed by

the Holders of at least a majority in aggregate principal amount of the Bonds then Outstanding, which instrument or instruments shall refer to the proposed supplemental agreement described in such notice and shall specifically consent to and approve the execution thereof the Trustee may execute such supplemental agreement without liability or responsibility to any Holder of any Bond, whether or not such Holder shall have consented thereto. It shall not be necessary for the consent of the Holders to approve the particular form of any proposed supplemental agreement, but it shall be sufficient if such consent shall approve the substance thereof.

If the Holders of not less than a majority in aggregate principal amount of the Bonds of each Series affected and Outstanding at the time of the execution of such supplemental agreement shall have consented to and approved the execution thereof as herein provided, no Holder shall have any right to object to the execution of such supplemental agreement, or to object to any of the terms and provisions therein contained, or the operation thereof, or in any manner to question the propriety of the execution thereof, or to enjoin or restrain the Trustee or the Authority from executing the same or from taking any action pursuant to the provisions thereof.

The consent of the Holders of any additional Series of Bonds to be issued hereunder shall be deemed given if the underwriters or initial purchasers for resale consent in writing to such supplemental agreement and the nature of the amendment effected by such supplemental agreement is disclosed in the official statement or other offering document pursuant to which such additional Series of Bonds is offered and sold to the public.

Upon the execution of any supplemental agreement pursuant to the provisions of this Section, this Agreement shall be and be deemed to be modified and amended in accordance therewith, and the respective rights, duties and obligations under this Agreement of the Authority, the Trustee, and all Holders of Outstanding Bonds shall thereafter be determined, exercised and enforced hereunder, subject in all respects, to such modifications and amendments.

SECTION 1003. Trustee Joining in Supplemental Agreements. The Trustee is authorized to join with the Authority in the execution of any such supplemental agreement and to make the further agreements and stipulations which may be contained therein, but the Trustee may, but shall not be obligated (except to the extent required in the case of a supplemental agreement entered into pursuant to Section 1001(h) hereof) to, enter into any such supplemental agreement which affects its rights, duties, or immunities under this Agreement. Any supplemental agreement executed in accordance with the provisions of this Article shall thereafter form a part of this Agreement; and all the terms and conditions contained in any such supplemental agreement as to any provision authorized to be contained therein shall be and be deemed to be part of the terms and conditions of this Agreement for any and all purposes. In case of the execution and delivery of any supplemental agreement, express reference may be made thereto in the text of any Bonds issued thereafter, if deemed necessary or desirable by the Trustee.

SECTION 1004. Responsibilities of Trustee under this Article. The Trustee shall not be under any responsibility or liability to the Authority or to any Bondholder or to anyone whomsoever for its refusal in good faith to enter into any such supplemental agreement if such agreement is deemed by the Trustee to be contrary to the provisions of this Article. The Trustee

shall be entitled to receive, and shall be fully protected in relying upon, the opinion of any counsel who may be counsel for the Authority, as conclusive evidence that any such supplemental agreement complies with the provisions of this Agreement, and that it is proper for the Trustee, under the provisions of this Article, to join in the execution of such supplemental agreement.

SECTION 1005. Bond Resolution May Be Supplemented or Modified. Resolutions of the Board authorizing the issuance of any Series of Bonds may be supplemented or modified by subsequent resolution of the Board; provided that the provisions of this Article shall apply, except as otherwise provided in Section 602 hereof .

ARTICLE XI

DEFEASANCE

SECTION 1101. Defeasance. If all the Outstanding Bonds shall have been paid as provided below, and the Trustee shall have received written notice for the provider of any Credit Facility or Liquidity Facility that all amounts then due and owing to any provider of a Credit Facility or Liquidity Facility have been paid, then and in that case the right, title and interest of the Trustee hereunder (except under Section 804 of this Agreement) shall cease, terminate and become void, and such Bonds shall cease to be entitled to any benefit or security under this Agreement except for Sections 205, 206 and 211 of this Agreement. In such event, the Trustee shall transfer and assign to the Authority all property then held by the Trustee, shall execute such documents as may be reasonably required by the Authority to evidence such transfer and assignment and shall turn over to the Authority any surplus in any account in the Sinking Fund.

Any Outstanding Bond shall be deemed to have been paid within the meaning and with the effect expressed in this Section 1101 when the whole amount of the principal of and interest on such Bond shall have been paid or when (a) there shall have been deposited with the Trustee or another fiduciary institution acting as escrow agent for the Holder of such Bond either moneys in an amount that shall be sufficient, or Sufficient Government Obligations, to pay when due the principal of and premium, if any, and interest due and to become due on such Bond on or prior to the redemption date or maturity date thereof, as the case may be, and (b) in the event such Bond does not mature and is not to be redeemed within the next succeeding sixty (60) days, the Authority shall have given the Trustee irrevocable instructions to give, as soon as practicable, a notice to the Holder of such Bond by first-class mail, postage prepaid, stating that the deposit of moneys or Sufficient Government Obligations mentioned in clause (a) of this paragraph has been made with the Trustee or another fiduciary institution acting as escrow agent for the Holder of such Bond, and that such Bond is deemed to have been paid in accordance with this Section and stating such maturity or redemption date upon which moneys are to be available for the payment of the principal of and premium, if any, and interest on such Bond. Neither the moneys nor Sufficient Government Obligations deposited with the Trustee or other fiduciary institution acting as escrow agent nor principal or interest payments on any such obligations shall be withdrawn or used for any purpose other than, and shall be held in trust for, the payment of the principal of and premium, if any, and interest on such Bonds.

“Sufficient Government Obligations” for purposes of this Section 1101 shall have the same meaning as “Sufficient Government Obligations,” as defined in Section 305 hereof, except that “Sufficient Government Obligations” shall not include obligations issued by the Farm Credit System or obligations included in clause (iv) of the definition of Government Obligations, without the prior written consent of Moody’s Investors Service or any successor thereto and Standard & Poor’s Corporation or any successor thereto, and any obligations included in clause (iii) of the definition of Government Obligations shall be rated at the time of investment, in the highest rating category by Moody’s Investors Service or any successor thereto and Standard & Poor’s Corporation or any successor thereto and any obligations otherwise included in the definition of “Sufficient Government Obligations” shall be direct obligations of the issuers permitted by such definition (except the Farm Credit System) which are not subject to redemption prior to the date on which the proceeds attributable to the principal of such

obligations are to be used. Prior to any defeasance of bonds secured by a Credit Facility or a Liquidity Facility, the Authority shall deliver to the Trustee an unqualified opinion of counsel recognized as an expert in bankruptcy matters that the payment of the money to accomplish such defeasance to the holders of such Bonds would not constitute an avoidable preference under the United States Bankruptcy Code or similar state, Commonwealth of Puerto Rico or federal laws (including federal, Commonwealth of Puerto Rico and state laws governing the insolvency of banks, insurance companies, savings and loan associations or other specific types of institutions) in the event of the filing of a petition for relief under the United State Bankruptcy Code or such similar state, Commonwealth of Puerto Rico or federal laws with avoidable preference provisions by or against the Authority.

As to Variable Rate Bonds, the amount required for the interest thereon shall be calculated at the maximum rate permitted by the resolution of the Board authorizing the issuance of Variable Rate Bonds; provided, however, that if on any date the total amount of moneys and Sufficient Government Obligations on deposit for the payment of interest on such Variable Rate Bonds is in excess of the total amount which would have been required to be deposited on such date in respect of such Variable Rate Bonds in order fully to discharge and satisfy such Bonds pursuant to the provisions of this Section, the Authority may use amount of such excess, subject to Section 504 hereof, free and clear of any trust, lien, security interest, pledge or assignment securing said Variable Rate Bonds or otherwise existing under this Agreement.

Notwithstanding any of the provisions of this Agreement to the contrary, Put Bonds and Extendible Maturity Bonds may only be fully discharged and satisfied either by paying the principal of and interest on said Bonds as they become due and payable or by depositing moneys which shall be sufficient at the time of such deposit to pay when due the maximum amount of principal of and redemption premium, if any, and interest on such Put Bonds and Extendible Maturity Bonds which could become payable to the Holders of such Bonds upon the exercise of any options provided to the Holders of such Bonds and the Authority; provided, however, that if, at the time a deposit is made pursuant to this paragraph, the options originally exercisable are no longer exercisable, such Bonds shall not be considered Put Bonds or Extendible Maturity Bonds for these purposes.

If any portion of the moneys deposited for the payment of the principal of and redemption premium, if any, and interest on any Bond is not required for such purpose, the Authority may use the amount of such excess, subject to Section 504 hereof, free and clear of any trust, lien, security interest, pledge or assignment securing such Bond.

ARTICLE XII

SECTION 1203. Substitute Publication and Mailing. If, because of the temporary or permanent suspension of publication of any newspaper or financial journal or for any other reason, the Trustee or the Authority shall be unable to publish in a newspaper or financial journal any notice required to be published by the provisions of this Agreement, the Trustee or the Authority, as the case may be, shall give such notice in such other manner as in its judgment shall most effectively approximate such publication thereof, and the giving of such notice in such manner shall for all purposes of this Agreement be deemed to be compliance with the requirement for the publication thereof.

In case, by reason of the suspension of regular mail service as a result of a strike, work stoppage or similar activity, it shall be impractical to mail notice of any event to Bondholders when such notice is required to be given pursuant to any provision of this Agreement, any

manner of giving notice as shall be satisfactory to the Trustee and the Authority shall be deemed to be a sufficient giving of such notice.

SECTION 1204. No Third Party Rights. Except as herein otherwise expressly provided, nothing in this Agreement expressed or implied is intended or shall be construed to confer upon any person other than the parties hereto, the Holders of the Bonds issued under and secured by this Agreement and the provider of any Credit Facility or Liquidity Facility securing the Bonds, any right, remedy or claim, legal or equitable, under or by reason of this Agreement or any provision hereof, this Agreement and all its provisions intended to be and being for the sole and exclusive benefit of the parties hereto, the Holders from time to time of the Bonds issued hereunder and the provider of any Credit Facility or Liquidity Facility securing the Bonds.

SECTION 1205. Effect of Partial Invalidity. In case any one or more of the provisions of this Agreement or of the Bonds issued hereunder shall for any reason be held to be illegal or invalid, such illegality or invalidity shall not affect any other provision of this Agreement or of the Bonds, but this Agreement and said Bonds shall be construed and enforced as if such illegal or invalid provision had not been contained therein. In case any covenant, stipulation, obligation or agreement contained in the Bonds or in this Agreement shall for any reason be held to be in violation of law, then such covenant, stipulation, obligation or agreement shall be deemed to be the covenant, stipulation, obligation or agreement of the Authority to the full extent permitted by law.

SECTION 1206. Effect of Covenants. All covenants, stipulations, obligations and agreements of the Authority contained in this Agreement shall be deemed to be covenants, stipulations, obligations and agreements of the Authority and of the Board to the full extent authorized by the Act.

No covenant, stipulation, obligation or agreement herein contained shall be deemed to be a covenant, stipulation, obligation or agreement of any member, agent or employee of the Authority in his individual capacity, and neither the members of the Authority nor any officer thereof executing the Bonds shall be liable personally on the Bonds or be subject to any personal liability or accountability by reason of the issuance thereof.

SECTION 1207. Governing Law. The construction of this Agreement shall be governed by and construed in accordance with the laws of the Commonwealth of Puerto Rico; provided that the provisions governing the Trustee's exercise of its obligations hereunder shall be governed by the laws of the State of New York.

SECTION 1208. Payments Due on Saturdays, Sundays and Holidays. In any case where the date of payment of interest on or principal of the Bonds or the date fixed for redemption of any Bonds shall be a Saturday, Sunday or other day on which banking institutions

in The City of New York, New York, or the Commonwealth of Puerto Rico, are authorized or required by law to close, then payment of interest or principal, and premium, if any, need not be made on such date but may be made on the next succeeding business day with the same force and effect as if made on said date of payment or the date fixed for redemption, and no interest on such payment shall accrue for the period after such date.

SECTION 1209. Multiple Counterparts. This Agreement may be executed in multiple counterparts, each of which shall be regarded for all purposes as an original, and such counterparts shall constitute but one and the same instruments.
